Age of Fishes Museum Receives Funding Boost

The Age of Fishes Museum in Canowindra has received a $2,899 grant under the Australian Government’s Communities Environment Program to put towards the purchase of a woodchipper for grounds maintenance.

Use of the woodchipper will also extend to grounds maintenance for the nearby railway precinct and Canowindra Historical Museum.

Federal Member for Calare and Minister for Decentralisation and Regional Education, Andrew Gee visited the Age of Fishes Museum last Thursday the day the brand new woodchipper arrived.

“The Age of Fishes Museum is an iconic tourist attraction bringing travellers from all over the globe,” said Mr Gee.

“It’s an amazing place with some of the fossils being over 360 million years old. This grant will assist with reducing waste and water consumption, while increasing the recycling capability of the museum,” said Mr Gee.

Manager of the Age of Fishes Museum, Mrs Anne Clark was very excited with the arrival of the woodchipper on Thursday.

Hello to all in Canowindra and district from Al and Deb Symons wishing all goes well for you.

At time of print we will be up at the Lodge of Dundee Holiday Park 100kms west of Darwin for the next few weeks, our third visit here in 5 years.

Aim to do plenty of bank fishing for reef fish, blue nose salmon and barramundi.

Not good for swimming here with crocs and sharks aplenty and with me having a 5 foot reef shark on my line 5 years ago I know they are there, so be aware is the motto.

Good to see that the rain has been falling in large parts of NSW giving some relief to many people on the land. Up this way it is very dry with temperatures in the low 30s.

Only problem so far was last week after travelling 800kms in the one day the power steering chucked a wobbly but local mechanic in Katherine got us back on the road so hoping all goes smoothly from now on.

We shall catch you all up in a few weeks time, take care all.

Regards

Al and Deb Symons.

Litter Bugs And Vandalism

Have you noticed rubbish being dumped in and around Canowindra lately?

It has been brought to the Phoenix’s attention that on several occasions rubbish is being dumped near the Swinging Bridge in Canowindra. This is such a shame as it is such an iconic and lovely area of the village.

Another resident of Canowindra was also upset by the sight that welcomed her to Fishermen’s Bend, near Moyne recently.

Burnout and fishtail marks were all through the lovely green grass.

“It is so sad that some brainless individuals have to spoil this lovely space for others,” said the concerned resident.

It is up to everyone in Canowindra to keep the town safe and keep it clean. Let’s respect these special places in our village.

If you have a comment to make on these issues, please get in touch via email editor@canowindraphoenix.com.au

AGE OF FISHES MUSEUM CLEANS UP THE GREAT OUTDOORS WITH $2,899 GRANT

The Age Of Fishes Museum Canowindra is definitely one for the bucket list!

I stopped off there yesterday to catch up with Anne Clark and Colin Pryor, and to check out the brand new woodchipper that had just arrived, thanks to a $2,899 grant under the Australian Government’s Communities Environment Program.

They also showed me some new furniture that the museum purchased with an $1,800 grant under the Australian Government’s Volunteer Grant program.

The woodchipper will assist with maintaining the grounds around the museum, the nearby railway precinct and around the Canowindra Historical Museum.

The museum houses fossils that are over 360 million years old! It’s a fascinating place to visit! It includes a newly developed outside area and lots of fun things for the kids.

Two New Defibrillators For Canowindra Public School

The Canowindra Public School has recently purchased two Defibrillators.
One is located outside the sick bay in the administration building and the other is located in the school hall.
The type of defibrillators that Canowindra Public School purchased are the same as the ones used that saved Greg Page the Yellow Wiggle’s life recently after a heart attack on stage during a performance.
The defibrillators were purchased at the start of Term 3 in the event of a medical emergency at the school and the Canowindra Public School P&C were more than happy to make a part contribution towards the purchase of these devices which can save lives in an instant.
“Fingers crossed we never have to use them,” said Principal Sharon Hawker.
“With the technology these days a Year 5 or 6 student would be able to use the machines, which is great, it guides you through step by step what to do,” said Nadine Daly P&C member.
“The defibrillators are also a fully portable machine so they can be taken to athletics carnivals or any other offsite excursions,” said Mrs Hawker.
These two defibrillators at Canowindra Public School are a welcome addition to the other ones around town, currently located at:
- Canowindra Services Club
- Canowindra Bowling Club
- Canowindra Golf Club
- Canowindra Swimming Pool
- Canowindra Squash Club
- Canowindra Sports Oval
- HACC Office in Gaskill St

The Canowindra Health Council are working on a map of where the defibrillators are located within the community so if you know where there is another one please email Geoffrey Beath on geoffrey@bryton-wool.com.au

“When we first arrived at the museum there was a lot of waste. So, we thought that if we had a woodchipper, we could convert the garden waste to mulch, which would make waste management more efficient for the whole area,” said Mrs Clark.
The Communities Environment Program grant follows on from the success the Age of Fishes Museum has had in receiving additional funding support from the Australian Government, including:
- A $1,800 Australian Government Volunteer Grant in 2018
- A $21,788 Australian Government Building Better Regions Fund grant in Round 3
- A $4,000 Tackling Tough Times Together grant in 2019
- Another grant of $7,217 in 2020.

EASY CHICKEN NOODLE SOUP

Ingredients:
• 1ltr chicken style liquid stock
• 2 cups water
• 100g thin spaghetti, broken into short lengths
• 1 Hot Roast Chicken, meat shredded
• 100g spinach
• 4 spring onions, chopped

Method:
1. Heat stock and water in a large saucepan over medium-high heat until just simmering. Remove from heat and add spaghetti. Cook over medium heat for 8-10 mins or until tender.
2. Add shredded chicken and spinach and stir until wilted. Season to taste. Spoon into bowls and top with spring onions. Serve with bread.

75th Anniversary Of End Of WWII

The 15th August 2020, marks 75 years since the end of the Second World War. Also known as Victory in the Pacific or VP Day, it is an opportunity to remember and thank all of those Australians, men and women, who put their hand up during World War II for their country.

As the then Prime Minister Ben Chifley announced over the radio: “Fellow citizens, the war is over … let us remember those whose lives were given that we may enjoy this glorious moment and may look forward to the peace which they have won for us.”

On this day we especially think of the men and women from Canowindra and district who served for our country in either the Army, Navy or Air Force. We remember, and pay respect to, those who paid the ultimate sacrifice and those who returned home after the war.

Monday 18th August is Vietnam Veteran’s Day. On this day we think of the men and women who served our country, and especially the soldiers who served from Canowindra and district, both regular Army and National Serviceman. They displayed incredible bravery and certainly distinguished themselves as extraordinary young men. Lest we forget.

Funding For Garden Beautification Project

The St Edward’s Primary School P&F have been successful in their application for a $1,000 grant from the Newcrest COVID-19 Community Support Fund.

The P&F were seeking funding to assist with the purchase of garden materials and plants to be used within the school’s beautification program.

The school will now be able to add new plants along with a watering system to the schools existing garden beds in early September.

“Obtaining this grant funding will allow us to proceed with the plan without having to ask our families to help with fundraising,” said Mandy Townsend P&F President.

All students, staff and their families will benefit as the school beautification program aims to brighten the outdoor areas making them a more aesthetically pleasing place to work and play, enhancing and developing a sense of connectedness and well-being.

The gardens will also be used as a teaching tool for students as they will be able to learn about how plants grow and how to look after the plants.

“Students will also become more aware about sustainability and their environment. They will also be able to see how plants form a crucial link in many life cycles,” said Mandy

OUR Gal

Meg ‘Jonesy’ Jones

How long have you lived in or around Canowindra and what is the best thing about living here? I have lived in Canowindra for nearly 4 years and the best thing about living here is the beautiful countryside and the country pubs.

Where do you work or what do you do currently and what do you enjoy about it? I work at Canowindra Pharmacy and I love the girls I work with, we always have good banter with each other.

What is your favourite thing to do when you have free time? I love going fishing in the summer and am hoping to catch a metre Murray Cod this year. And I can’t go past having a beer at the pub.

What makes you proud? My family, our daughter Ellie surprises me everyday with how clever she is and my partner works very hard for us.

If you could be an animal which one would you choose and why? An eagle because they look cool and I could fly.

What is your all-time favourite movie, song and/or book, and why? The Lone Survivor, because it’s a true story.

What makes your day? Seeing my daughter Ellie’s face light up when daddy gets home.

What is on your bucket list? Explore the Northern Territory. I would love to see all the beautiful gorges and waterfalls and stop at every country pub along the way.

What are you really good at? Trying to keep my lawn green.

Tell us about your best holiday ever? I went to Phuket in Thailand after I finished year 12.

Tell us an interesting fact about yourself? I made it to Nationals for dressage when I was 15.

Canowindra Services Club Life Membership Announced

At the Canowindra Services Club AGM held on 26th July 2020 the committee voted to award life membership to Brian Stevenson. Brian has been a member of the Canowindra Services Club for 26 years and served on the committee for 18 years in various roles including President for 9 years and currently holds the Vice Presidency.

Brian was awarded the life membership for his long service, dedication and commitment to the club over the years.

There are only 10 life members of the Canowindra Services Club so this is a great honour for Brian.

WOMENS BOWLS

Firstly I must correct an error I made in last week’s Bowls News, Jenny Middleton is a member of the Match Selection Committee not the Social Committee.

The winners of the District were the Cowra team of Joan Bailey, Judith Day, Leila Burns and Nada Kurta. The Canowindra team of Nancy Morrow, Deanna Noble, Gwen Haydon and Colleen Crump also competed in the District Senior Fours.

There was one game of social bowls played. Shirley Robson, Pauline Carroll and Jenny Middleton defeated Linda Miller, Jeanette Wheeldon and Marion Wilson 23-9.

Our monthly meeting will be held after bowls on Tuesday 18th August. The following matches in the Club Pairs are drawn to be played on Tuesday, 18th August. Nancy Morrow and Deanna Noble v Marion Wilson and Jenny Middleton. Betty Jenkins and Dianne Mooney v Libby Balcombe and Gwen Haydon.
