Be A Part Of The Future Of Canowindra!

Following on from initial consultation, Urban Design experts Sala4D are returning to Canowindra in late August to conduct a series of consultation and drop-in sessions to gauge the desires for a functional and sustainable Town Centre.

Initial consultations led to a draft issues paper for Canowindra, with current strengths and weaknesses, as well as a history of the town. Feedback was invited on these papers, and the next stage of the design process is commencing.

Urban Design is about creating places that you want to spend time in. At the Town Centre meetings and drop-in sessions come and tell the designers about the kind of Town Centre you want:
- Do you want your Town Centre to change?
- Do you want a place where you linger?
- Do you want a place for town events?
- Who are the people that we need to cater for?

Sala4D will be using these consultations to translate residents needs and desires into a design that can be built.

The sessions will take place in Canowindra on Wednesday and Thursday the 26th and 27th of August. There will be a mix of day and night time sessions, with COVID safe plans in place for all sessions, see advertisement on page 5 for session times.

For more information and to register your interest or book a time to speak with the consultants, please contact Council’s Communications and Marketing Coordinator, Emma Tadros, on 0419 719 632.
Hi Sarah,

Cabonne Council workers did a great job planting the footpath along Ferguson St in the last month or so. It's good to see Cabonne investing in Canowindra's street appeal. Some shade and colour in summer will be very welcome along this busy street.

This weekend though, many of the wooden stakes supporting the new plants on the footpath were pulled with some speared several metres over backyard fences. These stakes are back in place to give the new plants a chance to survive this vandalism. I saw a few plants a bit further up the street that didn't fare so well over the weekend.

While this is a familiar story in many places across Australia, let's not make it Canowindra's story. Now's the time to make our home town even more attractive for the locals and visitors. 

Cheers,
Mary Goodacre

Dear Editor,

Exploration Licence Application No 6024 was advertised in The Canowindra News on 5th August 2020. The proposed mineral exploration licence covers:

- Thousands of acres of agricultural land - some of the Canowindra district's most productive farming and grazing country
- A large chunk of the town of Canowindra itself, including the central business district
- Some of Canowindra's famous, self-watering lucerne flats
- Part of the Nangar National Park

More information can be found here: http://commonground.nsw.gov.au/#/title/ELA%206024/1992

Those who want to object to the approval of this Exploration Licence Application might consider contacting:

The responsible Minister:
The Hon John Barilaro MP
Deputy Premier and Minister for Regional New South Wales, Industry and Trade
GPO Box 5341SYDNEY NSW 2001

SNIPPETS...

Wonderful Moorbel Hall committee members Pat and Bob Grimshaw helping Adelaide and Angela Ellis plant some more trees at the hall. Will be great to see these beautiful bottlebrushes in full flower.

Paver Path Project: It is not too late to order a paver for the Canowindra Public School paver path project. Simply purchase a paver with your students’ name, family name, business name, grandchildren’s name or special message that relates to you and Canowindra Public School by 21st September 2020. One paver or a design your own paver is $35 and double pavers are $60. To order a paver or for any questions please call Al Stephens on 0408 876 930 or Kobie Rogers on 0490 133 563.

Contributions Welcome: Something exciting happening in your life? The Phoenix welcomes all contributions, so please email your be seen photos, stork news, way back when photos and story, engagement news, wedding bells, anniversary celebrations, birthday photos or if you would like to feature in the Our Gal or Our Bloke Column please email them to editor@canowindraphoenix.com.au or phone 6344 1846.

Wyangala Dam On the Rise: As at Monday 17th August Wyangala Dam had risen to 42.1% after recent heavy rainfalls in the catchment area. Last week the dam went up by 5.6% which is great news!

Are you a NSW landholder?: Do you need to lodge your annual land and stock return? If you’ve never lodged your Annual Land and Stock Return online, now’s a good time to start! With just over two weeks until the 31 August deadline, online is the quickest way to lodge your 2020 Annual Land and Stock Return. Simply head to the website www.lls.nsw.gov.au/alsr and fill in your details.

STEPtember: Is calling for registrations ahead of the campaign officially kicking off on 1st September 2020. The initiative challenges individuals and teams to take 10,000 steps per day for 28 days in a fun, safe and virtual environment – all while making a real difference to the lives of children and adults with cerebral palsy. Last year the campaign raised $7,133,056 and those looking to register should visit www.STPEmber.org.au

Arete Survey Solutions and Essen Conveyancing can now be found at 6 Ryall St in Canowindra.

Businesses On The Move

Never a dull moment in Canowindra with two businesses on the move and a new business opening its doors in town.

Last week Arete Survey Solutions relocated from Gaskill St to 6 Ryall St, the former “Workshop” building.

Also in the same building Canowindra welcome’s Sonja Doherty from Essen Conveyancing who has relocated her office to Canowindra from Orange. Sonja has been a conveyancer for over 20 years and is available to help you with your property needs, always offering sound advice.

Perenniaalle Plants, owned by locals Chris and Nerida Cuddy also have big plans in the pipeline after recently purchasing Charlie McCarron’s old building at the top end of Gaskill St.

Perenniaalle Plants is a nursery and garden emporium offering plants, weather stations, garden tools and accessories. We can’t wait to see the transformation of this building.

Perenniaalle Plants are moving into Charlie McCarron’s old building on Gaskill St.

Monday–Sunday 10am – 7pm

42 Ferguson Street, Canowindra | Phone 6344 2332
The new Regional Programs branch in Orange is officially open for business.

It was a pleasure to join the Deputy Prime Minister, Michael McCormack and Mayor Reg Kidd for the official opening of the Regional Programs branch in Orange this week.

The relocation of the Regional Programs branch has created 31 new jobs for the Central West and is a great example of the Australian Government’s decentralisation agenda in action.

This comes on top of the 46 jobs created through the relocation of the Regional Investment Corporation’s head office to Orange in 2018.

The Regional Programs branch will be responsible for the Government’s Regional grant programs and policies, including the Building Better Regions Fund, the Stronger Communities Programme, and the Regional Jobs and Investment Packages.

That is why it is only fitting that the staff responsible for these programs are located in a country town where they can see firsthand the positive impacts of their hard work.

Country Australia has so much to offer, from an unbeatable lifestyle to a broad range career opportunities.

There’s no better time to make a ‘tree change’.

Orange and Australia Remembers 1939-1945.

After most of Europe had fallen, and with the freedom of the world in the balance, only Australia and our Commonwealth allies were left to stand alone against tyranny.

At places like Tobruk, Milne Bay, Kokoda and Coral Sea, Australians help turn the tide of the war.

On Saturday we commemorated 75 years since Victory in the Pacific which brought an end to the conflict that claimed 39,000 Australian lives.

It was to change our nation forever.

In the face of the challenges we confront today, we can draw strength and inspiration from that great generation of Australians which gave so much to ensure freedom and democracy would not die.

While Covid-19 has meant there were no formal services this year, our thanks to our local RSL Sub-Branches around our region for their tireless efforts to care for veterans and to keep the memory of their service and sacrifice alive.

Lest We Forget.
East Coast Stockfeeds To Hold Growers Afternoon

East Coast Stockfeeds (ECS) started trading in the mid 1920’s beginning out as grain and produce merchants selling out of road side shop fronts all throughout Sydney.

The business has proudly continued to be 100% family owned and operated over the last 100 years, and has since grown to be a major marketer of all commodities ranging from food and beverage manufacturing by-products, through to many different grains, legumes and pulses for human consumption and animal stockfeed.

For the past 25 years, the company has been guided by founder John Dolden’s grandson Reg Dolden. He has recently retired and ECS is now being led by the next generation and Reg’s son Stuart.

Stuart has been working in the company for the past 28 years, starting from the bottom, working at ECS’s silos in Narrandera after finishing Ag college, moving up through the ranks to now CEO.

Stuart, along with his wife Amie and their three young daughters are passionate about farming. To them it’s not just work, it’s their family and livelihood. Stuart has a keen interest in sustainability throughout the agricultural industry and is constantly updating himself and all staff with the latest knowledge and strategies best in the buying, selling and storing of grain.

ECS is committed to keeping up with the current trends and transport compliance of the agricultural industry.

To best service customers throughout the east coast of Australia, ECS have been slowly accumulating a fleet of trucks, ranging from single tippers through to B Double and road trains, enabling them to be a one stop shop for farmers, food and beverage manufacturers, as well as any other business that require bulk commodity transport.

They are also “value adding” many waste food products (diverting from land fill) to produce balanced rations for livestock.

With grain storage facilities 7km west out of Gooloogong on the Warraderry Way as well as a 25,000mt (silo’s 9,000mt/sheds 6,000mt/ bunkers 10,000mt) facility on Yuruga Rd at Billimari (10km south of Canowindra), ECS has all the systems in place to ensure the smoothest transaction possible.

Stuart and Amie will be hosting a Growers Afternoon on Thursday 3rd September 2020 at 3pm, with information about ECS’s harvest opening times, segregations as well as on farm storage and fumigation.

The afternoon will be held at the Billimari Town Hall. Head down for a BBQ, a beer and a treat for the kids.

The Dolden family look forward to seeing you there. For further information Stuart can be contacted on 0419 248 338.

Stuart in the grain storage shed.
CANOWINDRA JUNIOR TIGERS RUGBY LEAGUE

The Canowindra Junior Tigers played an awesome game last Sunday against the more fancied Parkes Spacemen.

It was the class of some of the Spacemen players that took advantage of their opportunities to win the match 28-6.

In the first quarter it was neck and neck, until Parkes forced their way over to lead 6-0. Early in the second quarter Parkes scored to extend their lead to 12-0.

Parkes put on a set play for the fullback to score next to the post to extend their lead to 18-0 in the third quarter.

Canowindra Tigers put in a clearing kick which Parkes spilled and the Tigers regained possession and spun the ball wide, to be pulled down just short of the line. Great play from hooker Will Cain dived over close to the post and Joel Wheeler added the extras and narrowed the score line to 18-6.

Parkes sealed the game with a strong run from their centre to score a try and lead 22-6 with only minutes left. A mistake in the dying seconds by Canowindra and Parkes scored but not converted.

All players performed well, lead by Wade Kinsela, Will Cain, Sullivan and Kelsey Pollard.

This week the Tigers play Forbes in Cowra at 12 pm.

MILL-HAND REQUIRED
FULL-TIME POSITION

You can admire the view with screen fabrics that offer up to 95% cooling benefits.

If you are after the optimum for cooling while enjoying the benefit of security, then go with a security roller shutter. Call Phill now for a free measure and quote.

Paint wise, why not support 100% Australian made and owned with Haymes Paint. The team at Phill’s can mix just about any brand’s colour as well as offering a free colour matching service.

So head in to Phill’s for your next painting project and be totally satisfied with a great result!

The team at Phill’s Paint and Blinds are waiting for you to call on 6342 2282 or drop into the store at 80 Redfern St, Cowra opposite the big green gym! Phill’s Paint and Blinds where service is just the beginning!
Updated Covid-Safe Guidelines For Schools

Updated health advice announced on Monday will ensure that NSW public schools can continue to operate full time with face to face teaching and learning throughout the COVID-19 pandemic.

Schools remain safe, however, school communities must remain vigilant. From Wednesday 19th August, all public schools in NSW will be required to adopt the changes to ensure school communities remain safe inside and outside the school gate. Anyone with symptoms of COVID-19 is prohibited from returning to school until a negative test result has been reported.

Under additional measures for Term 3:
• Students must remain within their relevant class or year group to limit mixing
• Schools must not travel outside their local community or zone, including between rural and regional areas
• Interschool sport and zone carnivals are restricted to 100 people per venue and must be held in the local area
• Spectators, including parents and carers, are not permitted within school grounds or at sporting events held during school hours
• All group singing and or other chanting activities, as well as the use of wind instruments in group settings are not permitted
• Dance activities and drama group work can continue under a COVID-19 Safety Plan
• School formals, dances, graduation or other social events are not permitted.

Schools may hold a Year 12 assembly at school without parents to recognise the completion of school or consider delaying events until later in the year.

Students and staff required to support HSC students are permitted to undertake activities to meet their HSC requirements with COVID-19 safety measures in place. Full guidelines are available at https://education.nsw.gov.au/covid-19/advice-for-families.

Micro Grant Delivers For Two Canowindra Creatives

Earlier this year, in response to Covid-19 restrictions, Arts OutWest ran a $22,000 Micro Grants program across the region, funding 21 local projects, with two from Canowindra.

Craig Lawler from Blind Freddy’s Bushranger Tours Micro Grant allowed him to purchase equipment to create podcasts and continue telling great stories.

Craig secured $988 in Arts OutWest Micro Grant funding and was able to purchase a Microphone, Audio Interface and Recorder. “This grant has allowed me continue working fruitfully during the COVID-19 crisis, to progress towards my aim of creating history podcasts relating to NSW history as a way of further engaging with the community and telling our local stories in an engaging manner,” said Mr Lawler.

“I am now closing in on the completion of my first episode of the Blind Freddy Podcast. It is proving a challenge as I am attempting to employ soundscapes and music to bring the stories to life, but I feel the results will be well worth it,” concluded Mr Lawler.

Canowindra singer and songwriter Nerida Cuddy has spent the last few months sharing new songs online, with the support of the Micro Grant.

Nerida received a grant of $1,000 with the plan to purchase a good sound set up, in order to improve audio quality to continue delivering songs online. “I used the funds to buy a whole set-up of equipment/programs to improve my capability to produce short films featuring my songs filmed live. These were added to personal funds to make the whole set up work in the end,” said Mrs Cuddy.

“To date, I’ve produced four published songs. One was general, one was a kids’ song for COVID hygiene with the kids from my school, and two are under the banner of a new playlist/blog called ‘Wide Open Air Songs’ that I will continue on with long term,” Mrs Cuddy said.

Local singer and songwriter Nerida Cuddy recording one of her wide open air songs thanks to a micro grant from Arts OutWest.
Felix Rams
22nd Annual On-Property Sale

Felix Rams focuses on producing efficient and profitable prime lambs by breeding high performance, structurally sound rams for efficient prime lamb enterprises. Their commitment to collecting good accurate performance data is in the DNA and is embedded as the fundamental approach to the way they breed sheep.

In the world of big data, whichever way you look at it, 27,000 lambs weighed within 12 hours of birth, 22,000 weaning weights, almost 18,500 scans with weights for post-weaning fat and muscle, 4,400 individual worm egg counts is a lot of data. This is the performance data that influences the ram selection and to the accuracy of the Sheep Genetics Lambplan asbvs on the rams you buy.

At Felix Rams they select for quick early growth, and maturity, grown in the paddock, not maximum adult ram size. Almost all of the selection is done at 6.5 to 7 months of age – reflecting the age most lambs are sold. At Felix it is all about the lambs.

Felix Rams selects for early maturity to efficiently produce a 22-28 kg lamb. Early maturity also means your suckers have the best chance of hitting the target year in year out.

In the last four years, the stud has worked with meat processors and UNE to accurately identify genetic lines with superior lean meat yield, intramuscular fat (IMF) and eating quality. Ridgehaven has seen the benefits of carcass measurement and how this can be used for genetic gain and it is now an important annual aspect of their breeding program.

This year the Ridgehaven Ram Sale will be held on property at Cudal on Thursday 10th September at 1pm, and it will also be interfaced live on AuctionsPlus.

On Thursday 27th August, there will be an open day where the rams and ewes can be viewed prior to the sale.

For the safety of all attending COVID-19 social distancing rules will apply.

For more information contact Ruth Klingner 0438 642 113, Isabele Roberts 0405 098 335 or from the selling agents, Allan Gray and Co Cowra 6342 2377.

Ridgehaven Poll Dorsets will offer 10 Stud Rams, 20 Stud Ewes and 130 Flock Rams.

Ridgehaven Ram Sale Offers Top Quality Animals

Ever since Ridgehaven Poll Dorset stud was started in 1965, it has always been run with a focus on producing top quality, commercially focused animals.

Structural correctness, fertility, ease of lambing, growth rates, muscle, fat cover and wool type have been a basis for selection from the start.

Applications for CAP funding close at 5pm on Friday 28 August 2020.

Applications forms and further details about the grants can be obtained by contacting Cabonne Council’s Acting Leader – Community and Economy, Naomi Schroder on 6392 3200 or by visiting the Council’s website www.cabonne.nsw.gov.au

Josh Crosby

How long have you lived in or around Canowindra and what do you like about living here? I have lived around here on and off for the past 20 years. I have been here for 4 years this time around. I like the small town feel but still having close access to larger centres.

Where do you work and what do you enjoy most about your work? I work for Kevin Miller, Whitty, Lennon and Co in real estate. I also do stud stock sales as well. I really like that no two days are alike.

What do you do to unwind after work or on weekends? I have a glass of red wine and sit in front of the fire and watch the football.

What are you really good at? I'm a great house husband.

What is your pet hate? My pet hate would have to be caravans. I've been stuck behind too many.

What is your pet hate? My pet hate would have to be caravans. I've been stuck behind too many.

What is on your bucket list? To be able to read it with Yuletide being taken right into August, finishing with a group from a well-known Film Company booking a special Yuletide Dinner last weekend.

They were here to check out our local area, they are thinking of doing a film here next year and wanted to get the lay of the land. They loved their stay at Montrose, loved the people especially, but hey what's not to love!

Also had my best friends from Port Macquarie staying for a couple of days, they arrived on Wednesday and it was a balmy 18 degrees then weather went to hell after that, they couldn't wait to head back to warmer climates on Saturday.

Had a journalist from Outback Magazine staying the weekend before, showed him the sights and took him to The Royal for a wonderful hamburger and he loved it so we should get a good write up for that.

Had a couple of smaller groups for the Yuletide Dinners which were very successful with people coming from Cowra, Orange, Eugowra and Dubbo. All signed in and sanitised, so following all the Covid-19 guidelines.

With the warmer weather nearly upon us hoping to get everybody on board for some clean-ups around town.

The Swinging Bridge, needs some attention. We did a bit but the floods last week caused some mess, Council has fixed the lights on the other side so it’s safe to walk in the evenings now. We just need to do a clean up and take the rubbish away.

I have also been doing bits and pieces at the local Cemetery, but the weather has been shocking. Can we do a get together finishing with a group from a well-known community thing, what does everyone think?

Lions Club will supply a BBQ so it’s a wonderful hamburger and he loved it so we should get a good write up for that.

Had a couple of smaller groups for the Yuletide Dinners which were very successful with people coming from Cowra, Orange, Eugowra and Dubbo. All signed in and sanitised, so following all the Covid-19 guidelines.

With the warmer weather nearly upon us hoping to get everybody on board for some clean-ups around town.

The Swinging Bridge, needs some attention. We did a bit but the floods last week caused some mess, Council has fixed the lights on the other side so it’s safe to walk in the evenings now. We just need to do a clean up and take the rubbish away.

I have also been doing bits and pieces at the local Cemetery, but the weather has been shocking. Can we do a get together finishing with a group from a well-known community thing, what does everyone think?

Lions Club will supply a BBQ so it’s a wonderful hamburger and he loved it so we should get a good write up for that.

To be able to read it with Yuletide being taken right into August, finishing with a group from a well-known Film Company booking a special Yuletide Dinner last weekend.

They were here to check out our local area, they are thinking of doing a film here next year and wanted to get the lay of the land. They loved their stay at Montrose, loved the people especially, but hey what's not to love!

Also had my best friends from Port Macquarie staying for a couple of days, they arrived on Wednesday and it was a balmy 18 degrees then weather went to hell after that, they couldn't wait to head back to warmer climates on Saturday.

Had a journalist from Outback Magazine staying the weekend before, showed him the sights and took him to The Royal for a wonderful hamburger and he loved it so we should get a good write up for that.

LADIES GOLF

A good number of ladies have been enjoying golf over the last few weeks, some days a little cold and the wet weather has made the course a little heavy.

The Foursome Championship leaders after Round 1 were Lorrae and Fay, Round 2 saw Annette and Eileen take the lead with Helen and Julie hot on their heels. Round 3 was tightly contested and wasn’t decided until the 18th when Helen and Julie had a little trouble with the Blue Yabby in the dam which gave Annette and Eileen a leg up to a slim victory.

Last week the ladies played the 4th Par Event with Lorrae being the only one to come close to playing the course well, coming in the winner with -2.

The next game will be the monthly medal and putting as well as the Legacy Cup.

The draw for the Eileen Garnsey Memorial Match play has been done and games are now under way. The ladies have also decided to hold the tournament on Thursday 10th September.

By Eileen Wilson

MEN’S BOWLS

Last Sunday two Major Triples matches were played. Phil Jones, Barney Robson and Richard Fitzgerald played Terry Mooney, Ron Symons and Garry Fairley. Fitz’s team being a more experienced side were always in control of the game winning 25-6.

Brian McClintock, Steve Kirkman and Ian Nelder played Brad Bourke, Nigel Knight and Michael Traves. Ian’s team had a comfortable win 23-13.

Saturday August 22 - Social Mixed Mufti Bowls with the format being turn around triples. Names in by 12.30pm for 1.00pm start. Prize money for winners and runners up depending on numbers.

Good luck to Peter Taylor and Roger Traves who will travel to Narromine this weekend to compete in the Zone 4 Seniors Triples. Nominations are now called for the Major and Minor Fours. Nominations are still open for the Zone 4 Open, Seniors and Presidents Triples. Our club will host a section of the Presidents Triples. Nomination sheets showing dates and venues are on the notice board.

By Ian Nelder

WOMEN’S BOWLS

Results of two matches played in the 2nd round of the Club Pairs. Betty Jenkins and Dianne Mooney defeated Libby Balcombe and Gwen Haydon 24-16. Moyna Rue (sub. for Nancy Morrow) and Deanna Noble defeated Jeanette Wheeldon (sub. for Marion Wilson) 26-12.

There were two social games played. Joyce Middleton and Diane Slattery defeated Daph Bryant and Christine Pickard 18-16. Liz Thornberry, Leanne Stevenson and Jill Messenger defeated Sharon Wynn, Shirley Robson and Sandy McDonald 21-11. Last week’s Lucky Draw was won by Daph Bryant and this week’s was won by Leanne West.

There is one match in the Club Pairs draw to be played on Tuesday 25th August, Nancy Morrow and Deanna Noble v Daph Bryant and Christine Pickard. Two of our members are celebrating birthdays this month, Gwen Haydon on the 15th and Diane Slattery on the 27th. A very happy birthday to you both. The August birthday lunch will be held on Tuesday, 25th August, venue TBA to the members.
