New plastic protection screens have been installed at Lawrence’s IGA at the checkout to combat the spread of COVID-19 and keep workers like Jess Flannery safe along with customer Earnest Norman.

A New Way Of Life

The good old days when Corona was just a beer from Mexico are well and truly behind us, at least for the time being.

As COVID-19 grips the world, including Australia everyone is having to adapt to a slower pace of life. At the time of going to print there were two confirmed cases in the Cabonne Shire.

In Canowindra we have seen a number of stores closing and offices removing staff and working from home in a bid to stop the spread of Coronavirus.

While schools remain open, Canowindra Public School, Canowindra High School and St Edward’s Canowindra have all recorded a massive drop in student attendance and on Monday of this week moved onto online learning.

At St Edward’s Primary School, Principal Mr Ken McNamara said “Today (Monday) we have 12% of students in attendance. The students attending are being supervised by me (the Principal) in one room, but they have been zoomed into their classroom teacher at different times for a lesson and their teachers have also called in to touch base. All our zoom lessons went really well, even our little Kinders were zooming with their phonics lessons!”

“The number of coronavirus cases in our region is growing and it’s now in all of our larger population centres. If you’re a senior Australian or have an underlying medical condition please start taking precautions if you haven’t already, it’s time to bunker down,” said Andrew Gee MP.
Central Tablelands Water (CTW) is committed to its role as a regional water authority, providing a quality water supply – reliably and sustainably. On a daily basis our staff work tirelessly to make sure the water supplied to your home or business, meets the Australian Drinking Water Guidelines. CTW are proud of the essential service we provide and the trust you place in us. During the evolving COVID-19 (Coronavirus) pandemic, we want to reassure you that we are committed to supporting the health and safety of our people, customers and the community, as we minimise disruption to our organisation.

Continuing to supply quality drinking water

As a water authority, we are required to plan responsibly to ensure we are well prepared to keep drinking water supplied to your property.

To allay any concerns of our customers regarding their drinking water, please note disinfection processes for drinking water is designed and operated to manage pathogens, such as viruses. Conventional disinfection methods, applied to inactivate the most resistant viruses, will also inactivate the COVID-19 virus. No additional or modified treatment is required beyond the current ‘business as usual’ treatment.

We are currently implementing pandemic plans across our operations, to provide us with the best opportunity to manage any issues that may arise. As such, the following preventative measures have been implemented with immediate effect:

- Customers are requested to pay their water accounts online by Bpay, Post Bill Pay or bank transfer where possible, to minimise any cash handling transfer risk.
- Customers are requested to contact CTW on 02 6391 7200 with any enquiries, as opposed to visiting the office.
- NSW Health recommendations for preventing COVID-19 transmission which includes washing hands, coughing and sneezing into elbows and staying home if unwell.
- CTW will utilise videoconferencing platforms where possible and practical.

Supporting customers and the community

We acknowledge that many of our customers will be concerned about the future and, for some, these concerns will be about how they are going to pay their water accounts. If you are experiencing financial pressure, please contact the CTW Office on 02 6391 7200 to make a suitable payment arrangement. As the impacts of the Coronavirus continue to hit our economy, we are also offering support for small business suppliers with our commitment to pay small businesses within 14 days.

Updates

Please take care and stay safe,

Gavin Rhodes
General Manager
24 March 2020

LETTERS

To the Citizens of Orange and surrounding areas,

We are the doctors of Orange Health Service and we need your help to protect the community.

Orange Health Service is busy preparing its response to the COVID-19 pandemic and our staff of doctors, nurses and allied health staff are working hard to expand our capacity to care for the expected number of cases.

Despite our best efforts, we face an unprecedented challenge with the current COVID-19 pandemic and we will run out of critical care beds at the current growth rate of cases in our community. If this trend continues we will not be able to cope with the demand and provide you with the care you require.

Currently we have low prevalence of COVID-19 cases in our area and it is essential that is maintained.

If 80% of people follow the below rules strictly then our hospital has a much better chance of coping with the virus:

- Stay at home as much as possible
- Don’t travel outside your local area
- Shop once per week when necessary
- Go out once per day to exercise
- If you are unwell isolate at home and call 1800 022 222.

Doctors of Orange Hospital

COVID-19 – UPDATE FOR CENTRAL TABLELANDS WATER CUSTOMERS

Have your say...
SNIPPETS...

Winner Annah White (right) with Canowindra Bottlemart Bottleshop’s Chloe and the prize!

Another Winner: Congratulations to Annah White who was the latest winner at Canowindra Bottlemart Bottleshop in their Shop and Win Promotion! Just spend $10 in store to go into the draw, there are still another 4 prize packs to giveaway.

Masonic Lodge Announcement: Are you experiencing any challenges at home due to the Coronavirus? Do you have any exceptional circumstances where you need some assistance with obtaining essential supplies? Masonic Lodge Canowindra is taking calls to assist those in need. They will be generating a priority list in an attempt to provide assistance and are networking within the community to get help to the most vulnerable and disadvantaged. Please call 0448 042 224, 7 days per week between 10am and 4pm.

Foodbasket Update: To help protect the health of customers and volunteers, the Foodbasket will operate but with a changed format. A$10 bag of essential groceries will be available at the Uniting Church Hall every Friday. Please have the correct money available in a small zip lock bag. Please phone 0459 792 829 for new registrations. For those in isolation deliveries can be arranged.

Canowindra Tigers Centenary Book: Sharon Cross is compiling a book for the Centenary of Rugby League in Canowindra. Sharon is looking for contributions to the book on the history of rugby league in Canowindra. Please contact Sharon on 0470 570 393 or via email shazbell38@gmail.com

Driver Testing: Driver Testing across NSW has now been postponed for a minimum period of two months. The change comes into effect from Monday, 30th March 2020 in response to the latest health advice and risks associated with COVID-19. It applies to all practical driver assessments conducted by Service NSW. Service NSW apologise for any inconvenience and appeal for people to understand this decision was made with the safety of customers and staff front of mind.

Storybox Library: Why not use your Central West Library membership card to access Storybox Library online for free. More than ever, communities need to be inspired and enlivened by the magic of a book being read aloud, and by the stories of the creators who bring books into the world. Storybox Library is available for free through libraries, and behind-the-scenes Storybox are working on the best ways to make content as accessible as possible during these challenging times.

Central Tablelands Water (CTW) has temporarily closed its Administration Office at 30 Church Street, Blayney from Monday 30 March 2020 as a precautionary measure to reduce the risk of COVID-19 via face-to-face customer service interaction.

Customer service will still continue to be provided via phone and email. The payment of water accounts can also be made by customers online via Bpay and Post billpay or in person at any Australia Post Office.

As an essential service provider, CTW is committed to supporting the health and safety of our staff and community.

CTW apologises for any inconvenience this temporary office closure may cause.

For any appointments, water enquiries or emergencies please call 02 6391 7200 or email water@ctw.nsw.gov.au.

SUDOKU

Difficulty: Hard

How to play sudoku: You are given a 9x9 grid which has been divided up into nine 3x3 boxes. The aim of the game is very simple: to fill each row, column and 3x3 box with the numbers from 1 to 9 inclusive.

SOLUTIONS

Today’s Aim:
16 words Good
19 words Very good
21 words Excellent

Form at least one nine letter word from the given letters and as many other words as possible of four or more letters. Each word must contain the letter in the central circle. Simple plurals, formed by adding “s” are not counted as extra words. No prefixes or suffixes. Reference: The Macquarie Concise Dictionary.
Cabonne Council Enacts Continuity Plan Amid COVID-19 Pandemic

Cabonne Council has enacted its Business Continuity Plan to try to provide as many services as possible for as long as possible during the Coronavirus emergency.

Measures have been implemented to enable the Council to continue its operations should one of its offices be forced to shut down.

The Council has relocated and separated executives and staff between offices in Mooloong and Cudal to duplicate its services in each location and, where possible, staff are working from home to minimise the spread of the virus.

Work crews are starting from different locations and travelling in separate vehicles to observe social distancing protocols as far as practicable.

Essential services such as the provision of water, sewerage and waste collection will be paramount, but should the COVID-19 pandemic escalate the Council may have to reduce its service levels in other areas. This may mean that only emergency roadworks and repairs will be undertaken should Council’s resources be depleted.

However, all non-essential meetings have been postponed until the crisis eases and, no cash transactions will be accepted. New payment arrangements have also come into effect at waste disposal depots.

The NSW Government has also made the decision to postpone the 2020 September local government elections, they will now be held in September 2021.

To comply with the Federal Government’s shutdown of non-essential services, swimming pools, libraries, skate parks, outdoor playgrounds, caravan parks, camping grounds, amenities blocks at sporting grounds and the Age of Fishes Museum at Canowindra have been closed while the community shopping bus service and Council’s private skip bin service have been suspended until further notice.

“While Cabonne may seem relatively isolated from areas with the largest number of cases, the best way to manage this outbreak is to assume the virus is already in the community and therefore follow all the advice from health authorities by staying at home as much as possible and restricting any travel to essential purposes,” said Cabonne Mayor Cr Kevin Beatty.

As the crisis evolves, Cabonne residents are urged to check Council’s website and Facebook page for updates on Council’s services.

COVID-19 Information And Where To Get It?

Over the weekend the Federal Government launched the Coronavirus App which is free to download from the App Store. It provides health advice for all Australians during the pandemic. There is information on how to protect yourself and others, personal hygiene, social distancing, public gatherings, self-isolation, getting tested, information for travellers and the health sector, government response, financial support, what you need to know, information for education providers, business and employees and lots more. If you have a phone you should have the app!

The Federal Government also launched a WhatsApp message service simply type into your browser www.aus.gov.au/what-sapp and get all the information you want when you want.

Th Western NSW LHD has set up a clinical COVID-19 Call Centre. The call centre will provide health professionals and residents streamlined access to gain clinical COVID-19 information. The Call Centre can be reached on 1300 066 055 and is currently operating Monday-Friday 8:00am-5:00pm. After hours please contact HealthDirect on 1800 022 222 or visit the HealthDirect website on https://www.healthdirect.gov.au/ In an emergency contact 000.

How old are you? I am 6 years old.

How long have you lived in or around Canowindra? About 2.5 years now.

What do you like most about living in Canowindra? I like all the nice people in Canowindra.

Where do you go to School, who is your teacher and what year are you in? I am in Year 1 at Canowindra Public School and my teacher is Miss Lander.

What do you love most about School? Playing with James.

What is your favourite sport? I love Scootering.

What is your favourite food? I love Tortellini.

What do you do in your spare time? I enjoy colouring in, art and crafts and playing guitar.

If you could have a super power what would it be? Invisibility.

Tell us an interesting fact about yourself? I am good at building things with Dad’s tools.

The Federal Government will provide an unprecedented wage subsidy to around six million workers, including many throughout regional Australia.

Deputy Prime Minister, Michael McCormack said the Federal Government’s $130 billion JobKeeper payment will shield many regional Australians from losing their jobs.

• The JobKeeper Payment is a subsidy to businesses.
• The payment will be paid to employers, for each eligible employee who was on their books on 1st March 2020 and is retained or continues to be engaged by that employer.
• Eligible employers will be those with an annual turnover of less than $1 billion who self-assess that have a reduction in revenue of 30% or more, since 1st March 2020 over a minimum one-month period.
• Eligible employers include companies, partnerships, trusts and sole traders.
• Full-time and part-time employees, including stood down employees, will be eligible. If a casual employee has been with their employer for at least the previous 12 months they will also be eligible.

Due to the prevailing conditions, restrictions and uncertainty about the future, the Cudal-Cargo Lions Club’s swap meet advertised for Sunday 26th April has been cancelled.
