Canowindra's Own Country Hero

Everyone in Canowindra knows Tommy Jeffs at Montrose House, but now, thanks to the Channel 9 Program the Today Show, the rest of Australia knows him and our small village of Canowindra too!

Amy Clements and cameraman Murray McCluskey from Channel 9 in Orange, visited Canowindra last Thursday to film a piece for the Weekend Today Show that aired over the weekend. Amy and Murray from Channel 9 are both based in Orange and have been doing feature pieces on the Central West to give people a slice of what life is like in regional NSW and the fabulous characters around the region to encourage travelling within regional NSW.

Tommy Jeffs has long been a local staple of the community, bringing a welcome buzz to the town through his colourful drag performances and incredibly generous spirit. Over the years Tommy has raised more than $1M for local charities and community groups and at the start of 2020 was awarded an OAM for all his hard work.

Since the COVID-19 pandemic hit Tommy has been entertaining the masses via his Facebook page by either singing songs dressed as Cher, Frank Sinatra, Liza Minelli, his alter ego Miss Tallulah or by dressing up as a Drag Queen or a Cowboy to take the bins out! He now has a global fan base and really is the beating heart of Canowindra.

His contagious, positive personality is great for our small village of Canowindra!
Greetings to everyone in Canowindra and district from Al and Deb Symons, hope you are all keeping warm and well as we are.

We headed north late June up to Bourke and Lightning Ridge waiting for the QLD border to open.

July 10th saw us across the border and up through Moonie and onto Woodgate, a coastal village between Hervey Bay and Bundaberg where my brothers lives. Caught a few bream and hope for a flathead.

The end of this week sees us off up to Rockhampton then out west to Longreach and over to Bourla and the Min Min Lights. Mid-August will see us into the Northern Territory and out to Dundee Beach, west of Darwin for a while.

We will send through occasional items of interest as we travel on. All the best from Al and Deb and stay safe and well.

COVID-19 Update  This week the Australian Government announced the extension of both Jobkeeper and Jobseeker and last week the new Jobtrainer program was launched. The Government has also extended the Coronavirus SME Guarantee Scheme in support of small and medium sized businesses. Our focus is on delivering practical support to businesses and their employees as we move into the next phase of the coronavirus crisis. Support will be targeted to businesses and not-for-profits that continue to be significantly impacted by the coronavirus.

If you need any assistance navigating the changes, please don’t hesitate to contact my office.

JOBKEEPER
The Government is extending the JobKeeper Payment by a further six months to March 2021.
From 28 September 2020 to 3 January 2021, the JobKeeper Payment rates will be:
• $1,200 per fortnight for all eligible employees who were working in the business for 20 hours or more a week on average in the month of February 2020
• $750 per fortnight for other eligible employees and business participants.
From 4 January 2021 to 28 March 2021, the JobKeeper Payment rates will be:
• $1,000 per fortnight for all eligible employees who were working in the business for 20 hours or more a week on average in the month of February 2020
• $650 per fortnight for other eligible employees and business participants.

From 28 September 2020, businesses, and not-for-profits will be required to reassess their eligibility by reference to their actual June and September quarter turnovers to demonstrate that they have suffered an ongoing significant decline in turnover.
Organisations will need to demonstrate that they have experienced the relevant decline in turnover in both of those quarters to be eligible for the JobKeeper Payment in the December quarter.
For more information, including further information on the eligibility criteria, visit business.gov.au

JOBSEEKER
The JobSeeker payment replaced the former Newstart unemployment payment when coronavirus struck. The Government essentially doubled the old Newstart rate, applying a $550 coronavirus supplement.
The JobSeeker coronavirus supplement will continue for another three months from September but the coronavirus supplement will fall from $550 to $250 a fortnight, meaning people on the program will receive $800 a fortnight after September.
The Government will also be increasing the income free area for JobSeeker Payment and Youth Allowance (other) to $300 a fortnight to encourage and support recipients to take up job opportunities as businesses reopen.
The program will be reviewed again before December.

JOBTRAINER
The Australian Government has announced a $2 billion JobTrainer skills package, to reform the Vocational Education and Training sector and keep apprentices in jobs.
Key points:
• The JobTrainer package will include $500 million from the Australian Government this year, with a matched contribution being sought from state and territory governments.
• The JobTrainer fund will provide for around 340,700 additional training places to help school leavers and job seekers gain the skills they need to get a job.
• A further $1.5 billion will be made available to expand and extend the Supporting Apprentices and Trainees wage subsidy.
• Eligibility for the subsidy will be expanded to include medium-sized businesses with 199 employees or fewer who had an apprentice in place on 1 July 2021.
The Government will be providing further information about these changes in the coming weeks.
Western NSW Local Health District (WNSWLHD) is continually monitoring the COVID-19 situation and reviewing hospital visitor rules to help ensure the safety of patients, staff and other visitors.

WNSWLHD Acting Chief Executive, Adrian Fahy said, “NSW Health has implemented new measures due to the current risk of COVID-19 now in the community. Anyone with fever or respiratory symptoms, even mild, should be excluded from the Facility. They should be advised to isolate at home and seek COVID-19 testing. Any visitors who have been in Victoria in the last two weeks should be excluded from the facility.”

Until the end of July, any visitors to any residential aged care facility who have been in the following local government areas in the previous two weeks should be excluded from the facility: Liverpool, Campbelltown, Camden, Wingecarribee and Wollondilly.

Visitors to any of the WNSWLHD hospitals or health services should check in advance to make sure they know and understand the rules at that time, and follow the directions of staff. Children under the age of 18 are not permitted to visit patients at this time.

It also remains in place that visitors may not enter facilities if they have; returned from overseas in the last 14 days or have been in contact with a person confirmed to have COVID-19 within the last 14 days.

The safety or our staff, patients and visitors is our priority and all visitors and staff must pass all applicable screening processes in place including temperature checking at all entrances to the facility. Please be patient with the staff, this is to ensure your, patients, staff and other visitor’s safety. To protect aged care residents, visitors must show evidence of 2020 influenza vaccination.

The Australian National Field Days at Borenore have been cancelled for 2020.

The Committee of the Australian National Field Days (ANFD) regret to announce that the 2020 event will not proceed in October this year due to COVID-19.

The Australian National Field Days chairman Mr Sam Connell said this was a challenging meeting to come to a result for the Committee. “We had hoped to be able to run the event but current Public Health Orders state that mass gatherings can only be a maximum number of 500 people seated and restrictions made organising and planning the event very difficult with the ongoing outbreaks.”

“We are very mindful about bringing interstate stakeholders and people from hotspots into the local community. It has become apparent that the Field Days will not be able to go ahead in 2020,” Mr Connell said.

“The Field Days have never been cancelled for a full three days in their 68 years of operation,” said Mrs Jayne West, Manager of the ANFD. “We are devastated for the region and the economic loss it brings to our towns and villages. We thank everyone for their support,” she said.

The ANFD is a not for profit organisation and with COVID – 19 and three years of drought which had affected the event and the region, the organisers along with the Association of Agricultural Field Days of Australasia would be lobbying the Government for support to help bring a bigger and better event in 2021.

**CANOWINDRA TIGERS BACK ON THE FIELD**

The Junior Canowindra Tigers played their first game at Wellington last Sunday. This was the start of a new modified competition with teams from Group 11 and Group 10 and Canowindra as part of Woodbridge Cup to give the under 18’s some football this season.

With a mix of local players, some from Molong and Grenfell, the boys have been training on Friday nights.

Local boy Callum Clyburn is the coach and is assisted by Sam O’Malveney. These two boys have a wealth of knowledge of the game and experience and these juniors can gain wealth and knowledge about the game of rugby league.

Their first hit out against Mudgee, played at Wellington, was a very impressive performance which showed plenty of grit and determination from the young Tigers.

Although going down 18-4 it was a tremendous effort as they only had around 45% of the ball. Halftime score was 4-0 to Mudgee and it was only later in the game that Mudgee gained control due to tiredness from the young Tigers.

The more the boys play together and gain more combination they can definitely push the more fancy Group 11 and Group 10 sides.

The Tigers play Wellington at Cowra this Sunday at 12 midday. Look on the Tigers Facebook page for any changes to these times.

The organisers of this competition must be congratulated and also the local club to get this competition off the ground as well as implementing the strict Covid-19 regulations and NSW Rugby League guidelines.

It was great to see so many supporters turn up at Wellington and also to watch some local football.
