

DEMOCRATS USING CORONAVIRUS TO PROMOTE RADICAL AGENDA

America is facing an unprecedented global health crisis and economic crisis because of the spread of the coronavirus. President Trump and Congressional Republicans have put politics aside and focused on supporting our hospitals and medical professionals who are fighting this virus, while also working in a nonpartisan manner to provide critical economic relief for Americans that need it.

Unfortunately, House Democrats have charted a different course. From their own words and actions, it's clear that they see this historic crisis as AN OPPORTUNITY to impose RADICAL, FAR-LEFT POLICIES that will only make it harder for our doctors and hospitals, and harder for our country to recover.

PELOSI'S WISH LIST FOR PHASE THREE:

Here's What The Speaker Proposed In Her Bill:

- Tax credits for wind & solar energy
- A bailout on all current debt at the Postal Service
- Required early voting & same day voter registration
- Increased collective bargaining and Big Labor carve outs
- Full offset of airline emissions by 2025
- Retirement plans for community newspaper employees
- Federal \$15 minimum wage
- Permanent paid leave
- Study on climate change mitigation efforts
- Cash For Clunkers for airplanes
- More money for "Obamaphones"

PELOSI'S CALLS FOR PHASE FOUR:

Here's What The Speaker Has Proposed So Far:

- Green energy initiatives and climate change provisions
- New OSHA rules
- Billions in funding to change voting laws and allow voting by mail
- Planned Parenthood funding
- Money for sanctuary cities

 **3/19/20:** House Democratic Whip Jim Clyburn [tells](#) his colleagues that Phase III of the Coronavirus legislation will be, "**a tremendous opportunity to restructure things to fit our vision.**"

 **3/22/20:** Instead of negotiating with Leader McConnell, Speaker Pelosi walks away from the table and writes her own Phase III bill that includes a number of non-coronavirus related policies in hopes of using the crisis to pass her Green New Deal Agenda.

 **3/22/20:** Representative Alexandria Ocasio-Cortez [called](#) the crisis a "**fascinating a progressive moment,**" because she claimed that Congress was ignoring the spending cost of coronavirus response legislation to implement policy.

 **3/25/20:** Presidential candidate Joe Biden [says](#), "**we're going to have an opportunity, I believe, in the next round here to use my Green Deal...**" when talking about additional legislation.

 **4/1/20:** Speaker Pelosi [does an interview](#) about why she is pushing for additional legislation and says, "**we couldn't get everything we wanted in the other bill, let's begin to go down this path.**" T&I Chairman Peter DeFazio [says](#) that new legislation promoted by Speaker Pelosi responding to the coronavirus will be, "**a very green bill.**"

 **4/2/20:** In the middle of a life and death situation, Speaker Pelosi [called for the creation](#) of a new congressional committee, seeking to pursue a partisan agenda and investigate the response, even while the crisis is still underway and American lives are on the line.

The legislative proposals that Democrats wanted in phase three and are attempting to include in phase four DO NOTHING to help America defeat the coronavirus.

They are part of a push to use this crisis as an opportunity to implement their radical agenda.

It is DESPICABLE and DISGRACEFUL for an elected official to try and use this unprecedented crisis – where Americans are dying – as a way to get policies enacted.
