SEEKING UNDERGRADUATE STUDENT FOR HIRE

Pay: $15.59/hour (work study preferred, not required)

Time commitment:
• ~ 10 hrs/week, but flexible
• Occasional (expenses paid) overnight stays during field sampling

Job Description:
• Seeking a 1-3rd year undergraduate to help with soil processing and field work for a research study on the impacts of grazing on soil C sequestration in CA rangelands. When in the field, duties will include helping collect soil samples, equipment organization, labeling, etc. Lab duties will include cataloguing samples, grinding, sieving, and weighing soils.
• Would prefer someone with interest in continuing work during Summer 2020, and possibly Fall 2020 and Spring 2021.

Requirements:
• Flexible class schedule, preferably no classes on Fridays
• Ability to travel for field sampling on some weekends
• Attention to detail
• Long field days (hot, cold and rainy) are required
• Ability to handle moderately heavy equipment
• Manual labor
• Comfortable around animals
• Work-study students preferable but not necessary

Benefits:
• Will gain valuable lab and field experience
• Beautiful field sites on CA rangelands
• Possibility for continuation including Summer 2020 employment and opportunities for 2020-2021 academic year

To Apply:
• Email paige.stanley@berkeley.edu with:
  o Cover Letter
  o CV
  o Unofficial transcript
  o Semester availability
