People who are currently incarcerated are experiencing a period of **significant isolation**, as visitors and volunteers into facilities are significantly restricted.

Mail letters of support to women in Denver Women's Correctional Facility with TRI!

Write a brief note, card, or letter, letting women who are currently incarcerated that we are thinking of them! For example:

```
Dear Friend,
I wanted to drop a quick note today to let you know that we're thinking of you. My family and I are hoping that you stay healthy and well.

Here's one of my favorite Maya Angelou Quotes, "We delight in the beauty of the butterfly, but rarely admit the changes it has gone through to achieve that beauty."

Best,
