RESOURCES FOR CREATIONTIDE
01/09 - 04/10

Jubilee For The Earth - 2020 Celebration Guide
An international ecumenical guide with ideas for events, prayers, study, worship, and thinking on the Jubilee themes of social, economic and ecological balance.

Climate Sunday Resources
A wealth of links for music & hymns, readings, sermons, etc, encouraging us to have at least one dedicated Sunday in this period focusing on climate.

A Time for Creation - Liturgical Resources for Creation and the Environment
Texts from Common Worship and newly commissioned material from the national Liturgical Commission, chaired by our very own Bishop Robert. Available from 30th August.

Energy Footprint Tool
A national and diocesan request for every church treasurer to fill in this very simple online return by the of end September, please. It will tell your church what your “carbon footprint” is, based on 2019 energy bills and size/attendance. This benchmarking is a vital first step towards becoming carbon net zero – see more here.

Subsidised Energy Audit
The next step to identify, quantify and prioritise tangible and specific opportunities to reduce energy use, costs and carbon emissions in your church or building. See here for more on what, why, how, highly subsidised costs cost, etc! Closing date 30 September 2020.
