About Us:

The Western Dakota Association of Legal Assistants (WDALA) is a non-profit corporation formed in western North Dakota in 1984 in response to a need for educational programs for legal assistants/paralegals in the area. The Association encourages legal assistants/paralegals to commit themselves to professional development and continuing education through membership in WDALA.

The primary goals of WDALA are continuing education, networking and recognition in the legal field. WDALA membership consists of legal assistants/paralegals and students from 29 counties in the western half of North Dakota.

WDALA affiliated with the National Association of Legal Assistants, Inc. (NALA), in June 1985. The national organization offers its affiliates resources and experience and assists them in their efforts to enhance the professional development of their members. While some states have approved guidelines for legal assistants/paralegals, NALA has developed a certification program on the basis of a comprehensive substantive examination. Those who succeed in passing this examination are designated as Certified Legal Assistants and Certified Paralegals.

“The Legal System and the Deaf or Hard of Hearing Community”

The goal of this presentation is to ensure that legal services to the Deaf or Hard of Hearing community are both culturally affirmative and linguistically appropriate. Additionally, we will provide a better understanding of hearing loss, the ADA, effective communication, and issues surrounding competency of Deaf individuals in the Criminal Justice System.

Our audience will learn about hearing loss as an invisible disability, its prevalence and its impact on communication. We will explain how the ADA applies to the Courts and legal settings/strategies for those who are Deaf or hard of hearing. We will discuss Deaf Culture and the use of American Sign Language/Interpreters. We will introduce language deprivation and illustrate how it affects one’s ability to provide appropriate legal services. We will demonstrate a variety of equipment/services that are available to improve communication.

Amy has worked for the Department of Human Services since 2016 as Vulnerable Adult Protective Services (VAPS) intake worker and as the Aging and Disability Resource LINK (ADRL). She completed her internship with VAPS investigations unit, and graduated in May with her Bachelor of Social Work degree through University of North Dakota. She also has degrees in Criminal Justice and Human Services. Her work experience includes Eligibility Worker for Burleigh County Services, Medical Care Coordinator for ND Army National Guard, and Communications Specialist (911 dispatcher) for Morton County Sheriff’s Department.

Amy holds positions on the North Dakota Women’s Network Board of Directors, the NASW-ND Board of Directors and the North Dakota Planned Parenthood Advisory Committee. She previously served on the Bismarck Human Relations Committee. Amy is currently pursuing her Master of Social Work degree through University of North Dakota and will graduate in 2021.
The presentation will be on North Dakota's Vulnerable Adult Protective Services Program. We will discuss what the program is about, who we serve and how we help people stay safe; as well as resource alternatives for those with decision making capacity and interest in supportive services. You will learn how to recognize who is considered a vulnerable adult, identify types of abuse and signs of abuse, and understand how to report abuse in later life.

Give Me a Break – Caregiving for All Ages
This session will explore the importance of people recognizing that they are caregivers, helping others recognize that they are caregivers, and explain the importance of taking short breaks to take care of yourself as a caregiver.

Objectives:

- Participants will be provided with tools to self-identify and help others identify as caregivers. People who identify as caregivers tend to be more open to searching for information to help them stay healthy in their caregiving journey.
- Participants will learn the importance of getting short breaks (respite) from caregiving.
- Participants will receive information on the Lifespan Respite Care Grant, including how to access funding for respite through the grant, education opportunities on caregiving, and the work of the North Dakota Respite Coalition.
