The primary purpose of the PAC is to influence the election of local, state, and national candidates who will best support and promote progressive policies and civil rights. When making a decision about an endorsement, we consider whether a candidate’s past and current positions support the business and social interests of Replacements, Ltd. (including LGBTQ Rights, Immigrant Justice, Gun Violence, Health, Environmental Justice, Good Government & Campaign Finance, and Education), whether a candidate’s qualities and activities are in line with our core values, and whether the candidate is strategically viable.

**Presidential Endorsement***

At this time, we are not endorsing a candidate in the 2020 Democratic Presidential Primary. After exhaustive consideration, we have concluded that all the top candidates are running on platforms that reflect our values. And while their proposals to address various issues of importance to us differ in meaningful ways, each candidate promises forward-thinking solutions to make the country more just and equitable. We encourage you to pick the candidate that you believe is best equipped to unite and mobilize the American electorate in the general election to defeat Donald Trump. Each of the top candidates currently running is equipped to do this in different ways, but it will require someone who is patient, politically astute, and inspirational. We look forward to seeing the candidate emerge who understands that this is the vital task at hand.
