2. We will send selected candidates to where you need them.
3. You will sign an agreement with them to perform the work.
4. We can also set up a fleet of drivers to help with the distribution.

You can then agree on other shifts directly, or it can go through us again. Our reward is either one-time with the commencement (CZK 5,000) or related to hours worked (20 CZK per hour).
