This survey was conducted online within the United States from Field Dates: June 17-18, 2020 among 1,886 registered voters by The Harris Poll.

Results were weighted for age within gender, region, race/ethnicity, marital status, household size, income, employment, education, political party, and political ideology where necessary to align them with their actual proportions in the population. Propensity score weighting was also used to adjust for respondents’ propensity to be online.

Pollsters Mark Penn, Dritan Nesho and Prof. Stephen Ansolabehere supervised the poll.
APPROVAL AND MOOD OF COUNTRY
TRUMP APPROVAL CONTINUES TO DECLINE - DOWN BY ANOTHER FOUR POINTS
