

# Placement description

y e n e s i s

Ministry of Energy Commerce  
Industry and Tourism

## RES penetration (Greek speaking only!):

Ministry of Energy, Commerce and Industry

The apprentice will work with the Energy Service to draft regulations, funding schemes, and other instruments in order to increase renewable energy sources' penetration towards meeting national and EU targets. Depending on the period of the apprenticeship, the specific topic will vary from working on household PV installation promotion, to transposing EU Directives into national legislation.

The apprentice will have to be fluent in Greek and bring their own laptop.
