

2022 Republican Primary Early Voting Report STATEWIDE

The data for this report came from the daily rosters of people who have voted early in person or who have submitted their ballot by mail. This information was provided by the Texas Secretary of State and from each county's elections office. Additional data included in this report is based on information maintained by Ryan Data & Research.

Information based on previous election history takes into consideration each voter's history over the last four election cycles (2014 - 2020).

Early Votes Cast	Registered Voters	Turnout %
137,149	16,822,603	0.82%

Early Voters by Previous Election History

Field Definitions

Rep (No D): Voters who have voted in a previous Republican Primary and have no previous Democrat Primary history.
Mixed Pri / R: Voters who have previously voted in both party's primary, but most recently voted in a Republican Primary.
Dem (No R): Voters who have voted in a previous Democrat Primary and have no previous Republican Primary history.
Mixed Pri / D: Voters who have previously voted in both party's primary, but most recently voted in a Democrat Primary.
Gen Only: Voters who have not previously voted in a primary (R or D) but have previous General Election history.
No History: Voters who have not previously voted in a primary (R or D) and have no previous General Election history.

Are Previous Republican Primary Voters Showing up?

This section of the report shows the participation rate of voters with previous Republican Primary history (2014 - 2020) and whether they have voted early in the 2022 Republican Primary. These totals include all Republican Primary groups: Rep (No D), Mixed Pri / R, and Mixed Pri / D.

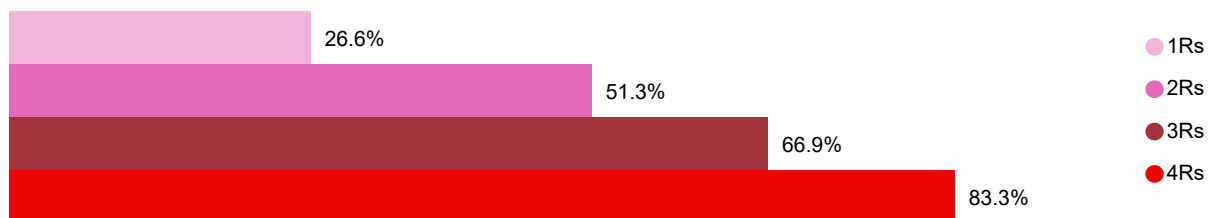

Eligible Voters				Voted Early				Have NOT Voted			
1Rs	2Rs	3Rs	4Rs	1Rs	2Rs	3Rs	4Rs	1Rs	2Rs	3Rs	4Rs
1,568,647	797,093	602,500	532,520	19,817	22,142	29,784	45,358	1,548,830	774,951	572,716	487,162

Total Who Have NOT Voted	
3,383,659	

What Percentage of Republicans Have Voted in 2022?

What was the Participation Rate in the 2020 Republican Primary?

Notes and Field Definitions

The participation rates listed for the 2020 Republican Primary Election are for the entirety of the election and include all voters (mail, early, and Election Day).

1Rs: Voters who have voted in exactly one of the last four Republican Primaries.

2Rs: Voters who have voted in exactly two of the last four Republican Primaries.

3Rs: Voters who have voted in exactly three of the last four Republican Primaries.

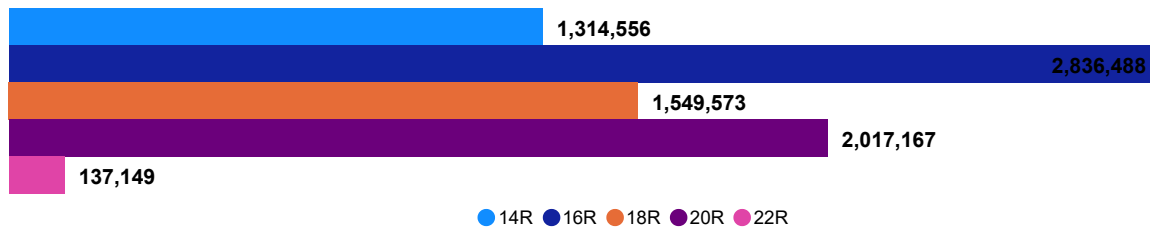

4Rs: Voters who have voted in all four of the last four Republican Primaries.

For the purposes of this report, each category on this page is mutually exclusive from the others. For example, a 4R is only counted in the 4R category.

Previous Republican Primary Turnout

Below, is a comparison of how the number of votes being cast early in the 2022 Republican Primary compares to the total number of votes cast in previous Republican Primaries. As early voting continues, this will help show whether total turnout will match or exceed turnout from prior years.

The historical totals below are based on data compiled by the Texas Legislative Council for the new district lines.

	<u>2014</u>	<u>2016</u>	<u>2018</u>	<u>2020</u>	<u>2022</u>
Registered Voters	13,601,324	14,238,436	15,249,541	16,211,198	16,822,603
R Primary Vote Total	1,314,556	2,836,488	1,549,573	2,017,167	137,149
R Primary Turnout %	9.66%	19.92%	10.16%	12.44%	0.82%

2020 Republican Primary by Election History

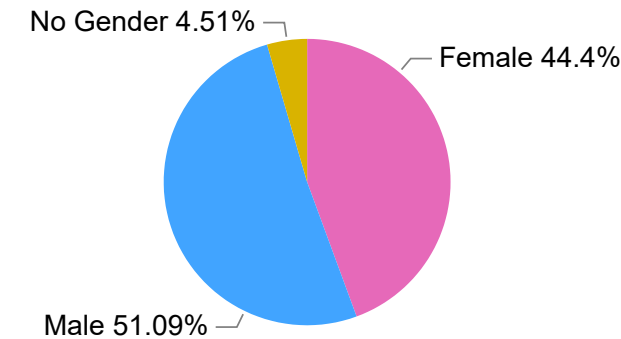

Below, is who voted in the 2020 Republican Primary based on their election history prior to 2020. This includes all voting methods: by mail, early voting, and Election Day. This will help show how this year's electorate compares to the 2020 Primary.

These totals are based on data maintained on Ryan Data & Research's voter file.

2022 Republican Primary Voters

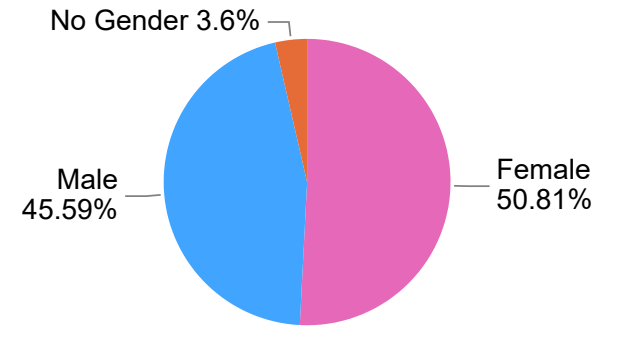

By Gender

Female	Male	No Gender
60,888	70,076	6,185

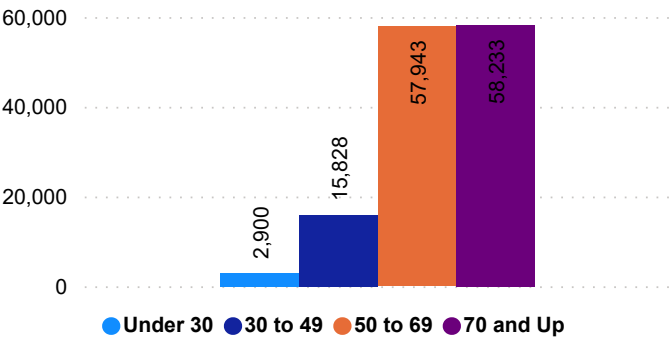

All Registered Voters

By Gender

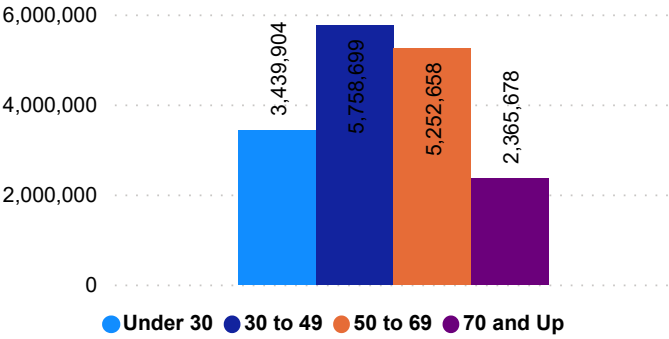

Female	Male	No Gender
8,548,015	7,669,661	604,927

By Age Group

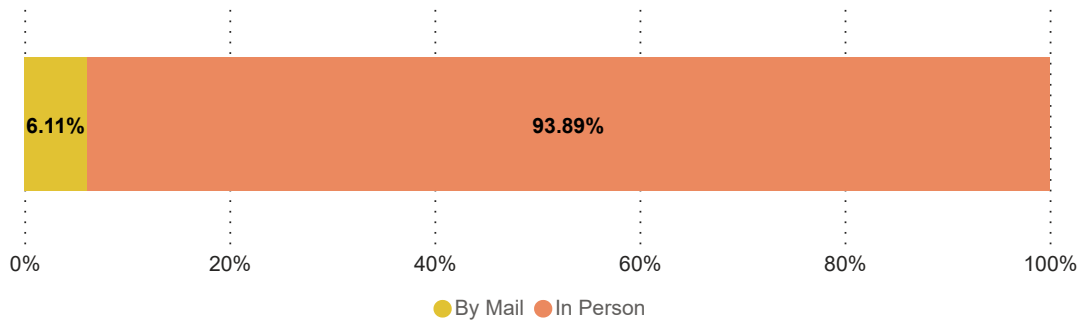

By Age Group
