

Faith Forward Inquirers Series Class

The Membership Committee of Open Circle is pleased to announce that the next **Faith Forward – from Visitor to Leader** series class at Open Circle is being held at 12 Noon on March 15 and continuing the first and third Sundays of each month through June 7th. These deep dive sessions into UUism include videos and group discussions led by Rev Jim.

The Faith Forward series of classes is designed for visitors and newcomers to promote faith development, connect with others and the church, and encourage understanding of what it means to be a member and leader in the church.

The session on March 15st is titled **Lifespan Faith Development**. Faith development is a lifelong process and the session will review the philosophy of programs for religious education and faith development for adults and for children. The class will include a discussion of goals that serve as the foundation for lifespan faith development programs.
