WHAT OUR MEMBERS ARE SAYING

“"My involvement with WEN OK has led me to expand my professional network as well as continue pursuing valuable development opportunities. Our programming, which includes excellent mentoring and networking benefits, gives the women in our chapter long-lasting skills and talents to help them grow and develop in their energy careers. I’m honored to lead this passionate and engaged group of professional women and men who are making an impact in all sectors of Oklahoma’s energy industry.”

Jamie Matlock
WEN OK 2020 Chapter President, Planning Manager, Devon Energy

“I’ve always considered my membership in WEN a great investment. It’s not just the opportunities to connect and learn, WEN has allowed my voice to be heard. Serving as 2016–2017 National President allowed me to be coached and mentored by some of the most influential men and women in the energy industry. WEN has made a huge difference in my life.”

Jeannie Gardner
GM COE, Shell Trading & Supply

“The networking events and speaker series luncheons are so valuable. I really enjoy sharing ideas with other members and learning what other companies are doing.”

Tara Meek
Supervisor of Permitting, Williams
