AIA has developed ArchiPrep, a new resource to help you get ready for the Architect Registration Exam (ARE®). This online tool will be utilized by the Chapter to help you get licensed faster and relieve the stress of studying by helping you:

- schedule and track your time
- set personal goals and monitor your progress
- take practice quizzes and create your own flash cards
- connect with peers who are also studying (both within ArchiPrep and locally)
- giving you access to “office hours” with local AIA architect subject matter specialists to answer specific questions

The program is very flexible and affordable! Take ArchiPrep with you wherever you go - on your computer, phone, or tablet.

2020 PROGRAM DETAILS

The Chapter is providing two sessions in 2020:

**SESSION 1 - SPRING:** April – June

**SESSION 2 - FALL:** September – November

Study group sessions and office hours will be available twice a month from 5 – 7 pm at AIA Central Valley, 1400 S Street, Suite 100, Sacramento.

RSVPs are required for office hours with AIA subject matter specialists to ensure we select the right person for your questions! Come prepared with specific questions to maximize your session and ensure that our volunteers are actively helping you.

Dates will be determined by the group. The office will also be open for group study, if interest warrants it.

**COST:**

$75 per session ($25 per month x 3 months)

The Chapter is offering a discounted rate of 30% over AIA pricing, if you enroll in a 3-month session through our program.

Please note: ARE Prep is currently available to Associate AIA members only.

Become a member for only $221 for your first year! Chapter membership includes access to many additional resources, including our ARE library and member pricing to Chapter events. More info at www.aia.org/join
