Campaign objectives & key messages

Objectives:
- Raise awareness of the huge global surge in domestic violence due to COVID-19
- Ignite action amongst the public to increase support of those suffering domestic abuse
- Through public awareness and pressure, drive an increase of government, private and public funding for domestic violence protection programs, safe houses, charities, support groups etc.

Target Audience:
- Primary: The ‘supporters’: women and men who are knowingly or inadvertently ‘by-standers’ of women suffering domestic abuse in countries experiencing COVID-19 ‘lock-downs’, whom have access to social media.
- The survivors of domestic violence in those same communities

Key Message strands:
1. PSA: 3 key actions that can be taken if you suspect a women is in danger
2. Shadow Pandemic: Highlighting the current and ongoing crisis of violence against women
3. UA: The link between stereotypes and violence against women
UN Women Shadow Pandemic Solidarity campaign

Focusing on the increase of domestic violence as an impact of the COVID-19 lockdown, this campaign will shine a light on the women trapped in their homes with their abuser and provide a call to action to those who can help them.

The campaign elements include:

• A 60” PSA with key advice and clear CTAs to help protect women who need help right now.
• This is accompanied by shorter edits (30”s) delivering the key CTAs
• Authoritative figures sharing key advice including, EVAW specialists, Shelter workers
• Supporting social assets with GWA messages of support, stats & advice about the shadow pandemic and COVID-19 gender related issues.
• All assets and activity will drive to a dedicated section on UNW COVID-19 page with direct links to shelters & support

How to amplify the campaign

SHARING OF UN WOMEN & UNSTEREOTYPE ALLIANCE POSTS
• Follow @UN_Women on Twitter; @UNWomen on Facebook; @unwomen on Instagram; un-women on LinkedIn and re-post/re-tweet the assets. The PSA video can be retweeted here.
• All campaign assets and accompanying copy can be found in the Trello board here and Dropbox links here.
• If you want to amplify translated assets, please follow the country and regional accounts listed here for re-posting. These will be launched after the main UN Women accounts from 29th May onwards.
• All of the UA accounts (listed here) will be retweeting and reposting the PSA assets. We will also be publishing original UA-specific content. Please also follow and re-post the UA specific posts.

NATIVELY SHARING ASSETS
• If you prefer to post the campaign directly into your channels and feeds, please use the assets, copy and hashtags detailed in this document and accompanying Trello & Dropbox documents.
• In your post copy you can refer to the support of this campaign or use the exact post copy provided. Please do not change any of the handles, hashtags, terminology or links as it is imperative that audiences access the relevant support information in a timely manor.
• Please do not change any of the images or branding and do not add your own branding to the assets. There is a legal note here for full guidance.

A combination of these routes of amplification is also acceptable. Thank you for your support.

The 60” PSA video is the campaign’s hero asset. To share on Facebook or Twitter, please use the links provided in the suggested post copy (page 9) rather than uploading the video to the platform. This allows the total impressions and reach to be tracked centrally.

If you choose to upload the video directly to these channels, please remove the pic.twitter link from the suggested Twitter copy and the Facebook link from the suggested Facebook copy.

If you don’t post the video natively, please retweet and share posts from UN Women and Unstereotype Alliance accounts accompanied by #ShadowPandemic.

The video can be downloaded here.

**Instagram**: A deadly shadow pandemic of violence against women and girls is surging globally in the wake of #COVID19 #StayHome orders. In this new video, Kate Winslet joins forces with @unwomen to shine a light on the #ShadowPandemic and shares three things you can do to help.

While #StayHome measures help limit the spread of the virus, women and girls experiencing violence at home increasingly find themselves isolated from the people and resources that can help them.
